

Students...

- For each *pre-exam prep* session, go to your normal room. Your teacher will go over key learning for that exam.
- For each *exam*, ensure you are in school in good time. You must be correctly dressed and wait in the canteen, ready to be taken into the relevant exam room.
- Ensure you bring all the relevant equipment to each exam. For every exam, **at least two black pens** are required.
- You must absolutely follow the seating plans. It helps to determine which paper(s) you are doing and avoids any mix-ups.
- Ensure your mobile phone is **not** on you; it must be in your bag / coat and left in the holding room.
- Bring a bottle of water. The labelling must be removed before you enter.
- Ensure you **eat regularly**. Breakfast and lunch are crucial; this does not mean large meals but you must eat to ensure you maintain concentration in each exam. **Do not** substitute this with fizzy drinks and sugary snacks.
- **Keep a positive mindset. Remain calm and this will help you through each exam! Hard work does pay off.**

GCSE Exams 2018
